

## **ASX Announcement and Media Release**

Date: 6 December 2002

---

### **PEPTECH US ANTI-TNF PATENT TO BE ISSUED**

We have become aware that the US Patent and Trademark Office (“USPTO”) website shows that another of Peptech’s anti-TNF patents, patent application number 09/736,793, is to be issued on 24 December 2002 with patent number 6,498,237.

Our patent attorneys have previously advised that we should await official confirmation from the USPTO before making an official release to the ASX. Such confirmation is awaited. We will keep the market fully apprised of any development in this regard.
